Starboard Wine - Project MUSE

Sturgeon's *More Than Human* (1953), it is because Bester's book is a novel, whereas Sturgeon's is three connected novellas, two of which are superb and the third of which is merely fascinating. Indeed, to talk about science fiction with any sophistication, especially that science fiction which flourished in the '40s and '50s, we must

Frank Herbert: On Getting Our Heads Together

In the recent annals of the genre, stories such as Theodore Sturgeon's *More Than Human*, Arthur C Clarke's *Childhood's End*, and John Wyndham's *The Chrysalids* provide examples. They speak of man's potential for a vast increase in mental authority through the pooling of minds and
